

# The Kia Stinger GT S.

Movement that inspires

Rediscover driving.  
Reinvent Gran Turismo.

Every inch, every curve, every polished surface of the Stinger is a prelude to what's to come: a breathtaking performance. From the cutting-edge signature Kia grille and the muscular haunches to the taut rear - this fastback is designed with nothing but passion and ambition in mind.

Images shown are for illustrative purposes only and not to UK specification.

# Be inspired. Enter the driver's realm.

Pure yet exclusive. The Stinger is a gran turismo in its purest expression, where driving pleasure meets high technology. The striking interior features circular aircraft-style vents and metal detailing. From the low-slung driver's seat - upholstered in premium Nappa leather - you have all essential information laid out in front of you, courtesy of the digital supervision cluster and head-up display. As to navigation and multimedia, you can rely on the 10.25-inch, frameless screen resting on the dashboard.

**Wide sunroof.** A wide, tilting and gliding, one-touch sunroof, that allows plenty of sunlight and fresh air into the welcoming cabin at the touch of one button.

**Rear cabin roominess.** The Stinger offers ample headroom, shoulder room and legroom for rear passengers to sit comfortably and stretch out.

# Get ready to take control.

**Aircell side-bolster adjustment.** The side-bolster adjustment ensures maximum lateral support.

**4-way aircell lumbar support.** Ideal for long journeys, the 4-way air cell lumbar support helps you adjust seatback settings for maximum lower back comfort and support.

**Cushion extension.** To help beat fatigue, a cushion extension moves the front edge of the driver's seat forward for greater thigh support.

**3-zone climate control.** The dual-zone auto temperature control system at the front and rear seat climate control allow all occupants to choose their own temperature setting.

**Door scuff plates.** An attractive scuff plate protects the finish of the lower door sill. The metallic finish complements similarly finished design elements around the cabin, offering a pleasing visual touch every time the door is opened.

**Paddle Shift levers.** The paddle shift levers allow you to change gears swiftly without taking your hands off the steering wheel. It also makes dynamic driving effortless, as you can increase torque faster, while staying in control of shift points.

**Integrated Memory System.** The Integrated Memory System saves two presets for the driver's seating positions, outside door mirrors, Head-Up Display and supervision cluster . It's a simple way to keep the Stinger totally personalised, yet flexible enough to make another driver feel at home.

**Ventilated and heated front seats.** Ventilated front seats provide cool, soothing airflow on hot days, whilst their heating function generates effective and thorough heating on cold days. Both the seat cushion and the seatback feature airflow perforations to keep more of the body in a state of comfort.

# Let DriveWise assist you.

DriveWise technologies consist of a series of intelligent safety innovations that help reduce many of the inherent dangers and stresses of driving. Ultimately, they lead to improved on-road safety and hassle-free driving.

**Forward Collision-Avoidance Assist.** Evaluating both camera and radar data from your vehicle, the system analyses information about other cars, pedestrians or cyclists ahead to avoid a potential collision. The system also functions to prevent collisions with vehicles when making a right turn at an intersection. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

**Blind-Spot Collision-Avoidance Assist.** When you want to change lane, the Blind-Spot Collision-Avoidance Assist system detects any vehicle(s) in your blind spot and alerts you with a warning symbol in your side mirror and on the head-up display inside the car. Should you start to change lane while a car is in your blind spot, the Stinger will automatically apply the brakes to avoid a collision, the side mirror and head-up warning symbols will flash and an audible alert will sound.

**Blind-Spot View Monitor.** Designed to improve visibility for blind spots, this displays images from the relevant rear-facing side camera when indicating. Indicate left and it will show you the rear view down your left-hand side; indicate right and it will show the right-side view.

**Safe Exit Warning.** This feature is designed to help prevent passengers from exiting the vehicle when potential hazards approach. If that happens, the system engages the door locks, and gives an audible and visual alert.

Images shown are for illustrative purposes only and not to UK specification.

**Intelligent Speed Limit Assist.** This system uses speed limit data collected through the front-view camera or provided by the navigation system. It displays the speed limit on the supervision cluster and navigation screen. What's more it actively adapts your set speed when Highway Driving Assist is engaged.

**Lane Follow Assist.** Particularly useful for motorway driving, Kia's level 2 autonomous driving system monitors road markings to keep you at the centre of your lane. A Lane Keep Assist function also helps prevent risks associated with sleepiness by steering you back into your lane if you show signs of unintentionally drifting out of it.

**Highway Driving Assist.** You can choose to engage this function when on the motorway. It locks your maximum speed to the speed limit in force while maintaining your preferred set distance to the vehicle ahead. Combined with Lane Follow Assist that assists your steering to keep you in the centre of your lane, High Driving Assist makes motorway driving a breeze.

**Navigation-based Smart Cruise Control.** This feature not only adapts you speed based on a set maximum speed and distance to the vehicle ahead, it also uses navigation data to adapt speed to the curvature of the road. Enter a curve and it reduces speed to maintain comfort and safety.

**Safety.** DriveWise technologies recognise dangers at an early stage thanks to an intrinsic system of sensors and cameras. It is designed to improve safety by pre-emptively eliminating the risk of accidents.

**Convenience.** DriveWise technologies are designed to offer as much information as you want, and as little as you need to maximise convenience. It allows you to take the strain out of driving and to focus on essential tasks.

**Efficiency.** DriveWise technologies help improve quality of life by supporting more fuel- and time-efficient driving.

# Conquer & control whatever the weather.

**Electronic Stability Control (ESC).** Optimal braking performance and directional control is achieved by automatically delivering the right amount of braking force to each wheel based on evaluation of engine torque and driving circumstances.

**Drive Mode Select.** This function changes the driving characteristics of the engine, transmission, suspension, steering and all-wheel drive system. It can even alter the engine sound. Choose between five drive modes - Comfort for smooth acceleration and comfort, Sport for a more dynamic ride, Sport+ for dynamic driving with less stabilisation, Eco to save fuel and Smart for intelligent adjustments of driving characteristics.

Images shown are for illustrative purposes only and not to UK specification.

**Advanced High Strength Steel (AHSS) and hot-stamped steel.** The Stinger is fitted extensively with Advanced High Strength Steel for exceptional rigidity. It also features hot-stamping technology to further increase robustness in more crucial areas, including single-piece door-side frame sections that help disperse impact forces in a collision.

**7 airbags.** To help protect occupants and potentially reduce injuries in the event of a collision, the Stinger offers driver and front passenger airbags, two front-side airbags, two side-curtain airbags, and a driver's knee airbag as standard.

**Knee airbag.** The driver's knee airbag helps minimise impact and injury to the driver's knees in the event of a collision.

**Active Hood Lift System.** To help protect pedestrians from serious head injury in the event of a collision, the Active Hood Lift System detects an impact with a pedestrian and automatically raises the hood. This increases the deformation space and minimises the risk of injury.

# Go with the flow.

## Cut through the air.

Starting with a clean slate, inspired by classic Gran Turismo styling, the creation of the Stinger offered a treasure of opportunities. The result combines iconic beauty with the latest in aerodynamic technology and noise minimisation. While the exterior is shaped to minimise drag and to maximise stability and control, the structure and interior is designed to isolate passengers from noise and vibrations.

**Front bumper with integrated air curtain.** The Stinger's breathtaking front serves a clear purpose; the front bumper's integrated air curtain helps manage airflow, reduce drag and direct cooling air to the radiator and front brakes. Equally, the lower apertures direct airflow to the wheel wells, which reduces drag and helps cool the brakes. Aside from fuel savings and noise reduction, the front design also contributes to the car's stability.

**Rear integrated diffuser.** An integrated diffuser panel under the rear bumper helps control airflow and prevents the dual exhaust pipes from creating drag under the car. It pays homage to racing diffusers which lower the turbulence that can occur when low-pressure air under the car meets higher pressure ambient air.

**Trunk lid with spoiler effect.** To improve stability and optimise airflow that forms behind the Stinger when travelling at higher speeds, the trailing edge of the trunk lid is arched, providing a spoiler effect - and a stunning finale to the Stinger silhouette.

**Multiple undertray and aerodynamic features.** While the aerodynamic aspects of the silhouette are plain to see, the Stinger also boasts vital drag reduction features that improve airflow underneath the car. It uses a system of sturdy undercovers, below the engine and transmission, each side of the cabin, and each side of the rear suspension. These covers reduce the flow resistance on the underside of the body when travelling at higher speeds.

**Noise-Vibration-Harshness countermeasures.** Inside and out, every element of the Stinger has been engineered to reduce noise, vibrations and harshness. The engine area and dashboard feature extra insulation, while the joints of body pillars and frame boast additional padding. New insulation materials, a reconfigured exhaust, and stiffened rear cross-member also add to the quiet, smooth ride. The side mirrors and doors are sculpted to minimise noise and drag. Plus, rear wheel-drive models use a Centrifugal Pendulum Absorber to reduce vibration.

# Accelerate your heart beat.

The Kia Stinger combines high agility, and great acceleration into a refined yet sporty driving experience that aims to please. The 8-speed automatic transmission ensures smooth gear changes that - paired with the dynamic handling of the Stinger - results in the perfect drive in every condition.

**3.3-litre V6 twin-turbocharged engine.** The most powerful D-CVVT V6 petrol engine with a twin-turbocharger in the Kia range responds and accelerates beautifully, while achieving considerable torque over a broad rpm range. Bespoke intake and exhaust systems also add to the exceptional performance.

**8-speed automatic transmission.** Quick and seamless gear changes are the hallmarks of the 8-speed automatic transmission. While designed to maximise fuel efficiency, a Centrifugal Pendulum Absorber limits noise and vibration.

**Electronic parking brake (EPB).** An electronic parking brake offers quick, secure activation without the effort required by traditional mechanical brake levers. Pull on the EPB switch on the center console to activate the parking brake. Auto Hold mode temporarily maintains the vehicle at a standstill even if the brake pedal is released.

# Stay tuned to your world.

When the open road beckons, the Stinger helps you focus on enjoying the ride thanks to sophisticated, convenient technology. From the 10.25-inch frameless navigation system to the supervision cluster all your vital sources of information are close at hand and intuitive to use.

**10.25-inch frameless navigation system.** The sleek navigation system comes with a large 10.25-inch floating touchscreen for effortless multimedia access. It keeps you on track with precise navigation, real-time updates and much more. Kia Connect services come included for free for seven years so you can enjoy many connected features - like connected destination search, weather forecasts or live fuel prices - to enhance your everyday.

**7" screen supervision cluster.** The high-definition 7-inch high-definition supervision cluster provides customisable essentials - from average fuel economy to turn-by-turn navigation information.

**Wireless smartphone charger.** Enjoy convenient, cable-free charging and place your compatible smartphone on the wireless phone charger on the centre console. It even alerts you if a device is left on the charger when you exit.

# Turn up the excitement.

The Gran Turismo lets you celebrate driving in style with a Harman Kardon® sound system and sophisticated technology like the Head-Up Display.

## Harman Kardon® premium 15-speaker sound system.

To enjoy world-class sound, the 720 watts Harman Kardon® sound system features 15 speakers including Kia's first under-seat subwoofer tucked beneath the driver and passenger seat. Clari-Fi™ technology enhances the digital audio experience while the latest in QuantumLogic™ Surround Sound technology for an authentic, refined multidimensional soundstage throughout the cabin.

**Head-Up Display.** To help keep your eyes on the road, the height-adjustable 8-inch colour Head-Up Display projects key driving information on the windscreen. It includes speed, turn-by-turn navigation, smart cruise control settings, speed limit and blind spot detection information.

# Kia Connect (UVO)...

## Your free seven-year connected services.

Kia Connect (UVO) opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

### In-car services

**Your free seven-year Kia Connect (UVO),** once activated, uses your vehicle’s embedded SIM card to connect it to the world of live data.

**Real-time traffic information**  
Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

**Speed cameras and danger zones**  
Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

- Weather information**  
With up to three days’ weather forecast available, you can check weather conditions at your destination.
- Points of interest**  
Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia’s live, connected directory.
- Parking**  
Kia Connect (UVO) helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.
- Fuel station information**  
The system shows you the nearest petrol stations and prices to plan a refuelling stop.
- Charging station information (electric and plug-in hybrid vehicles only)**  
Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they’re needed.

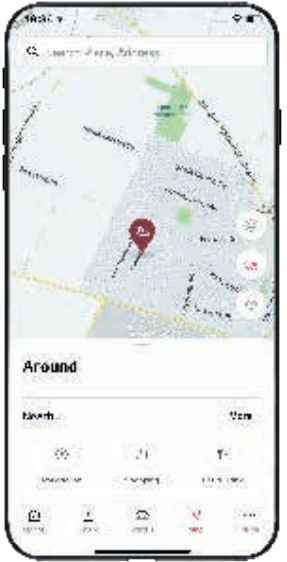

### Mobile application services

**Once Kia Connect (UVO) is activated in your Kia,** it gives you access to a wide range of useful functionalities through the Kia Connect mobile phone application (available on Apple™ and Android™).

**Find my car and first/last mile navigation**  
You can check the location of your car from your smartphone. Your app can also use augmented reality or Google Maps to guide you to your car. When driving and parking before reaching your destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

- Vehicle status**  
The Kia Connect app gives you an overview of your Kia’s status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle’s functions isn’t working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month’s driving.
- Notifications and remote door control**  
You get warned if your vehicle’s anti-theft alarm is triggered or if you left your doors unlocked. What’s more, you can lock and unlock doors from your phone, wherever you are.
- User-profile-linked vehicle settings**  
Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.
- Valet mode**  
Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport’s valet parking service.

Kia services are available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile application. Your Kia needs to be in a location with Vodafone mobile signal to connect to these services.

# 10 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 10 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year or 100,000 miles warranty for your peace of mind.

Our Driveaway Insurance has you covered from the minute you leave the Dealership. We will also give you a £250 Excess Return Voucher which pays you back regardless of who you are insured with providing you call Kia Accident Aftercare before you call your insurance company. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances, Kia Accident Aftercare will take care of things for you. We will liaise with your insurer, provide a free courtesy car and ensure your car is repaired at a Kia Approved Bodyshop using Kia repair methods and original parts.

Kia offers you free seven-year connected services with Kia Connect. Once activated in your vehicle, Kia Connect (UVO) enables a number of digital features in your car like real-time traffic data. You can also install the Kia Connect (UVO) app on your smartphone and pair it with your Kia to interact with your vehicle in new ways.

We have partnered with Pod Point and bp pulse so you can quickly and conveniently charge your electric and plug-in hybrid Kia at home.

Kia Charge makes public charging easy. Kia Charge is the only solution you need to charge your electric or plug-in hybrid Kia across multiple networks in the UK and Europe.

## Kia Care Service Plans

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Stinger which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply.

Log onto [www.kia.com/uk](http://www.kia.com/uk) for details.

**5-year paint warranty & 12-year anti-perforation warranty**  
High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

**Financing**  
Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto [www.kia.com/uk](http://www.kia.com/uk) for more details

**7-year vehicle warranty.**  
Every Kia benefits from a 7-year/ 100,000 miles new car warranty (up to 3 years unlimited; from 4 years 100,000 miles). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule. (Terms and exclusions apply)

Fully unlock these benefits when you register at **MyKia**
