

The Kia XCeed.

Movement that inspires

Thrill your spirit of choice.

If seeking new challenges inspires you; if embracing the latest advances in technology and experiencing electric driving excites you; then welcome to the XCeed and XCeed Plug-In Hybrid. With their bold sporty shape incorporating stand-out SUV front grille, daring lower front grille, subtle satin chrome skid plate, plus spacious and refined interior, you can tell these are two crossovers' with a difference. Explore further and marvel at the eco-friendly XCeed Plug-In Hybrid, featuring Kia's advanced electrified powertrain, resulting in seamless transition from hybrid to electric for lower emission driving and suddenly it becomes clear - the XCeed range really is designed for drivers who live for the next thrill ahead.

Find your mode.

When embracing your own unique style is a no-brainer, when leaving everyday comfort zones behind is a must-do, then welcome to the different beat of the XCeed. Straight away you can tell this is a crossover with a difference. From its bold and daring front design, incorporating unique Z-shaped Ice-Cube LED headlamp design with standard fog lamps, to its sleek body shape and detailed styling with chrome trim, down to its dynamic wheels & rear bumper, this is a SUV that shouts individuality, inspires adventure and embraces fun and freedom with every drive.

Expand your horizons.

If you know your own mind and set your own standards for innovation, you'll immediately know that the stylish interior of the XCeed sets new benchmarks in quality, comfort, technology and connectivity. From the moment you sit inside you'll discover a striking combination of style and substance, from the sleek dashboard to the sophisticated seating, from the highly visible 12.3" full digital cluster display to the 10.25" Touchscreen satellite navigation system. What's more, you'll find Kia's exclusive Kia Connect telematics system with Kia Connect Live Services delivering live navigation-related updates, and the Kia Connect App for Android™ and Apple™ smartphones with a host of diagnostic features - all designed to put you in complete control for whatever adventures lie ahead.

Energise your independence.

Being open to the city, open to adventure and open to endless possibilities, means the XCeed Plug-in Hybrid offers the best of all worlds. Combining eye-catching design with eco-friendly driving through its advanced electrified powertrain, the XCeed Plug-in Hybrid maximises hybrid technology resulting in lower emissions. What's more, with its sporty yet spacious new body shape with integrated charging port, you never need to sacrifice style or versatility. Stand back and admire its Z-shaped Ice-Cube LED headlamp design and diamond patterned grille; its sporty 18" dual-tone alloy wheels and the refined high quality and spacious interior. This is a crossover designed to amaze you as well as surprise and delight everyone with you.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Electrify your drive.

The Xceed Plug-in Hybrid takes electric driving to the next level. It perfectly balances efficiency with dynamic driving delivering a fast and smooth transition from electric to hybrid operation. With a fully charged battery offering a range of over 33 miles (grade dependent), you can be sure that every drive is as efficient as possible.

Charging Port. Enjoy easy charging via a household socket or a public charging station. The Xceed Plug-in Hybrid is able to recharge the battery (up to 100 %) at a public charging station, in 2 hours 15 minutes.

10.25" navigation system. The Xceed's navigation system comes with Kia Connect services free for seven years and offers the ability to display Xceed's powertrain energy flow as well as other hybrid-related information.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

12.3" supervision cluster. The 12.3" high-definition display with dedicated plug-in hybrid graphics allows you to monitor up-to-the-minute information like current driving mode, battery charge and remaining range.

Charging Indicator. Cleverly embedded in the middle of the dashboard and visible from outside, three LED lights tell you the charging status and battery level while charging.

Public charging made easy...

Does charging at a public station seem complicated?

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Instavolt, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries*.

The only app you need

You can start charging using either the app or dedicated card. And you don't have to make any payment on site: Everything is handled as part of a monthly, itemised billing process.

Reliable, up-to-date information

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

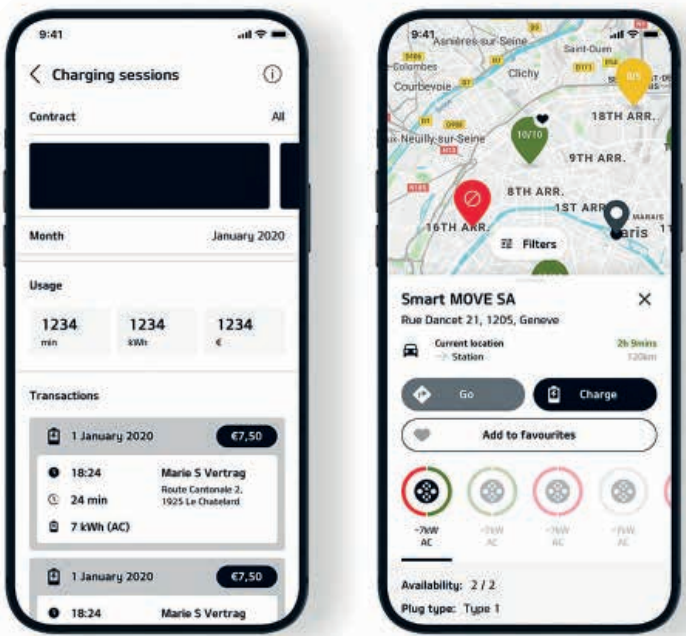

Transparent pricing with monthly payment

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

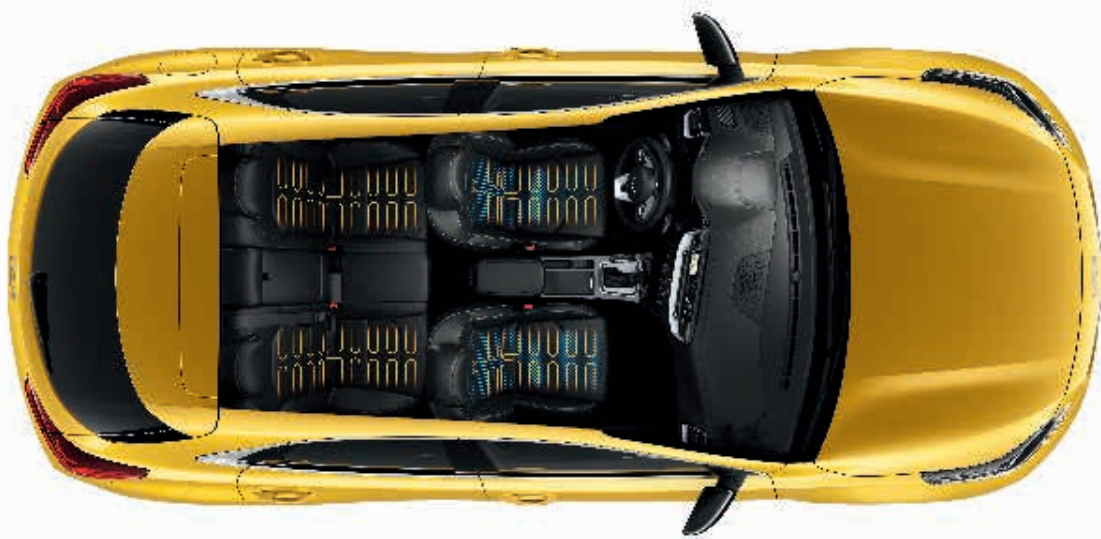

Best value with a range of bolt-on subscriptions including IONITY

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit kiacharge.com or download the mobile application.

*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription. Kia Charge and [KiaCharge.com/gb](https://kiacharge.com) are offered by Digital Charging Solutions.

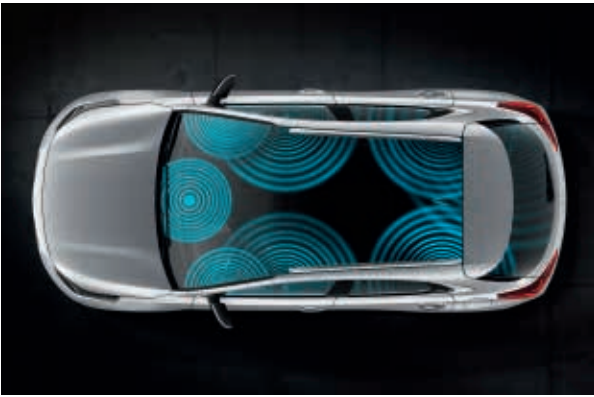

Heated and ventilated front seats + heated rear seats. Whatever the weather has in store, the XCeed is always ready for it. The front and rear seats can be heated on cold days. Using three adjustable settings, they warm up quickly and then level off after the desired temperature is reached; plus, on hot summer days the front seats can be ventilated to keep you cool and comfortable (grade dependent).

40:20:40 flat-folding seats. Thanks to the split-folding seats, the XCeed adapts to your needs - great for carrying passengers and all their luggage, as well as transporting bulky items, sports equipment, skis and much more (grade dependent).

12.3" full digital instrument cluster. The optional full digital instrument cluster features a 12.3" high-definition display, offering essential information at a glance and everything you need to keep you in touch with your driving (grade dependent).

JBL Premium Sound System. For great sound, the XCeed offers a high-performance JBL Premium Sound System. It features eight speakers and advanced Clari-Fi™ music restoration technology to improve the quality of MP3s and provide high-definition sound (grade dependent).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Ignite your imagination.

If what's ahead excites you more than what's right in front of you, then approaching the XCeed is always a thrill; because this is a crossover that combines bold design for bold thinkers, a spacious interior for intrepid adventurers, exceptional comfort for those who appreciate luxury and a level of convenience that will constantly delight. Open it up with your Kia Smart Key, pack it up using the Smart Power Tailgate, fire it up with the engine start/stop button and get ready for the excitement.

Kia Connect (UVO)...

Your free seven-year connected services.

Kia Connect (UVO) opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect (UVO), once activated, uses your vehicle’s embedded SIM card to connect it to the world of live data.

Real-time traffic information
Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones
Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

- Weather information**
With up to three days’ weather forecast available, you can check weather conditions at your destination.
- Points of interest**
Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia’s live, connected directory.
- Parking**
Kia Connect (UVO) helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.
- Fuel station information**
The system shows you the nearest petrol stations and prices to plan a refuelling stop.
- Charging station information (electric and plug-in hybrid vehicles only)**
Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they’re needed.

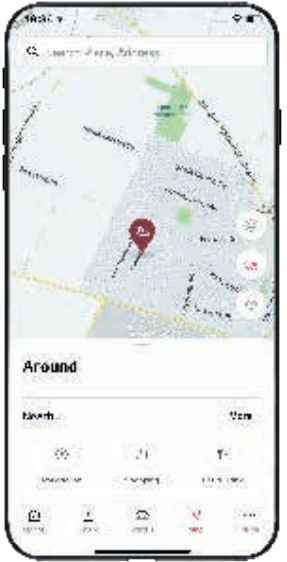

Mobile application services

Once Kia Connect (UVO) is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia Connect mobile phone application (available on Apple™ and Android™).

Find my car and first/last mile navigation
You can check the location of your car from your smartphone. Your app can also use augmented reality or Google Maps to guide you to your car. When driving and parking before reaching your destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

- Vehicle status**
The Kia Connect app gives you an overview of your Kia’s status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle’s functions isn’t working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month’s driving.
- Notifications and remote door control**
You get warned if your vehicle’s anti-theft alarm is triggered or if you left your doors unlocked. What’s more, you can lock and unlock doors from your phone, wherever you are.
- User-profile-linked vehicle settings**
Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.
- Valet mode**
Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport’s valet parking service.

Kia services are available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile application. Your Kia needs to be in a location with Vodafone mobile signal to connect to these services.

DriveWise technologies

for convenience and safety.

Whilst driving can be a thrilling and liberating experience, it's good to know that you're constantly being looked after. That's why the XCeed comes with Kia's DriveWise technologies - a range of innovative features take the strain out of driving and help keep you safe.

Blind-Spot Collision Warning. The Blind-Spot Collision Warning system has radar sensors that monitor your blind spots and warn you of oncoming cars with a symbol in the side-view mirror (grade dependent).

Lane Keeping Assist. Lane Keeping Assist monitors lane markings to alert you and even steer you back into place if you seem to drift out of your lane unintentionally.

Reversing camera with Dynamic Parking Guidance. The rear video image with superimposed dynamic guidelines helps you reverse and park with confidence.

High Beam Assist. At night, the XCeed can automatically switch between low and high beam to provide the best visibility and avoid dazzling other road users.

Driver Attention Warning. The system monitors your level of attention by assessing your driving and journey time.. If you show signs of drowsiness or inattention, it alerts you and recommends taking a break.

Intelligent Speed Limit Warning. The Intelligent Speed Limit Warning uses navigation data and information collected through the front-facing camera to display the speed limit on the navigation screen and supervision cluster(grade dependent).

Forward Collision-Avoidance Assist city/pedestrian. The system can detect vehicles and pedestrians ahead as standard and, optionally, cyclists. Using a camera to monitor the speed of and distance between vehicles, it warns the driver in the event of collision risk. The system can even assist your steering and braking to help avoid or mitigate a collision.

Smart Cruise Control with Stop and Go. Using a camera and radar, Smart Cruise Control can regulate both the XCeed's speed and the distance to the car in front. The system maintains the distance to the preceding vehicle by automatically modulating your car's speed, even allowing it to come to a full stop (grade dependent).

Smart Parking Assist. Smart Parking Assist makes parking a breeze. It uses front, side and rear sensors to locate a parking spot and assist you with parallel and perpendicular parking. All you need to do is handle the brake, accelerator and gears - the system takes care of the steering. It can even help you pull out of parallel parking spaces (grade dependent).

Lane Following Assist. Kia's Lane Following Assist monitors road markings to keep your vehicle in the centre of its lane. When used in conjunction with the XCeed's Smart Cruise Control system, this feature takes the strain out of motorway driving (grade dependent).

Powerful engine design. For dynamic driving in the city and on the open road, the XCeed comes with three powerful engine sizes and 3 power outputs. Backed by expert engineering at every level, all power trains have been refined to meet the latest European emissions regulations.

Fuel your desires.

Dynamic driving, agility and outright power are at the very heart of what sets the XCeed apart from the rest of the crossover crowd. The XCeed powertrains can be configured to maximise performance with 6-speed manual or 7-speed DCT and 6-speed DCT for Plug-In Hybrid only or to add a sense of responsiveness to every road trip. For sheer excitement, the paddle shift levers let you move swiftly and seamlessly through each gear change without taking your hands off the steering wheel, plus with extra drive mode options every journey becomes a memorable experience.

Paddle shift levers*. The paddle shift levers allow you to change gears swiftly without taking your hands off the steering wheel. They make driving more dynamic and intuitive, while keeping you in complete control.

Drive Mode Selection*. Designed to push your driving pleasure to the next level, Drive Mode Selection can be operated via a sport button next to the gearstick. Working with the DCT, it increases driving dynamics by providing an improved throttle response and acceleration from idle, as well as optimising performance while overtaking. DMS also offers a better steering response and perfectly complements the 18" alloy wheels for a thoroughly dynamic drive (grade dependent).

Transmissions. The manual transmission combines quick, smooth gear changes and gear ratios matched to engine torque curves. The result? A perfect balance between power and efficiency. The 7-speed DCT is also available.

6-speed dual-clutch transmission (DCT). The latest-generation 6-speed dual-clutch transmission ensures a sporty drive and excellent fuel efficiency (XCeed Plug-In Hybrid).

* DMS and paddle shift levers are available only for models with a DCT gearbox.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Accessorise in style.

When every opportunity is an adventure waiting to happen, the XCeed has a whole range of accessories to match your thirst for embracing it. From a quick weekend away, to sporting adventures or big shopping excursions, our range covers all your needs including handy extras to personalise your experience. It also includes many stylish solutions to emphasise the dynamic looks of your XCeed. Whatever you're looking for, we've got you sorted.

Carpet mats, velour. Keep your cabin unblemished for longer. These velour carpet mats will protect your car's interior from everyday dirt and enhance its look at the same time. Tailor-made to fit the footwells perfectly, they feature the XCeed logo in the front row and are held in place with fixing points and anti-slip backing.

Door mirror caps, chrome optic. Attention to detail can make all the difference. Raise the overall visual impact of your XCeed by complementing its exterior styling with these high-gloss stainless steel caps. Also available in brushed stainless steel finish.

Cross bars, aluminium. Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure.

Rear bumper trim line, chrome optic. A small detail, with a sophisticated touch. Introduce this refined surface finish to your rear bumper in delicate dark stainless steel, for a sleek accent along your rear bumper. Also available in brushed aluminium finish.

LED boot and tailgate lights. Never feel helpless again while trying to find something in the dark, or step into something while doing so. These LED boot and tailgate lights come to life as soon as you open the tailgate. Enjoy perfect visibility in and outside of your boot!

Delight your senses.

The fun starts here with stylish interior options, carefully selected materials and bold trims; you'll want to get behind the wheel instantly. Choose from our stylish standard all-black fabric upholstery, with satin chrome dashboard and air vents; or alternatively, add optional artificial leather and cloth upholstery in black for that extra-special touch. For the most refined XCeed, the interior can also be fitted with full genuine black leather upholstery.

7 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

At Kia we care about you as an individual and want to deliver service that fits your needs. When you visit one of our Dealers for a service your vehicle will benefit from a complimentary vehicle health check, a wash and vacuum and alternative transport if needed. We look forward to spending time getting to know you!

With every new or Approved Used Kia you can get driveway insurance and a £250 Excess Return voucher free of charge. All Kia owners can use our Accident AfterCare service and with Kia Care Service Plans we offer great value fixed price servicing.

Kia Charge gives you access to the majority of public charging infrastructure in the UK and across Europe. It lets you locate stations, plan journeys, charge and pay, all with one solution.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Connectivity with Kia Connect & Over-the-Air Updates. Kia Connect is our range of connected services both in-car and through the Kia Connect mobile app. Over-the-Air Updates keep your infotainment system up to date using your Kia's mobile data connection.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

Kia Care Service Plans

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Xceed which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply.

Log onto www.kia.com/uk for details.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your New Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details.

7-year vehicle warranty. Every Kia benefits from a 7-year/ 100,000 miles new car warranty (up to 3 years unlimited; from 4 years 100,000 miles). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule. (Terms and exclusions apply)

Kia 7-year EV/HEV/PHEV Battery Warranty. When you switch to a Kia Electric (EV), Hybrid Electric (HEV) or Plug-In Hybrid (PHEV), it's good to know that our batteries are built to have a long life*. That's why at Kia we are happy to cover you for 7-year or 100,000 miles whichever comes first. Even for our low voltage (48 V and 12 V) batteries in Kia Mild-Hybrid electric vehicles (MHEVs), our Kia warranty covers you for a period of 2 years from initial registration regardless of mileage. All of which means you can simply enjoy the experience of driving our eco-friendly range, every day for years to come.

*Kia high voltage lithium ion battery-units in electric vehicles (EV), hybrid electric vehicles (HEV) and plug-in hybrid electric vehicles (PHEV) are built to have a long life. These batteries are covered by the Kia warranty for a period of 7 years from initial registration or 100,000 miles, whichever comes first. For EVs and PHEVs Kia guarantees a minimum 70% capacity of the battery. Capacity reduction of the battery in HEV and MHEV is not covered by the warranty.

To minimise capacity reduction, follow the instructions consult the Owner's Manual. Find more information about Kia warranty at www.kia.com/uk
