

The XCeed

Movement that inspires

Thrill. your spirit of choice

If seeking new challenges inspires you, if embracing the latest advances in technology and experiencing electric driving excites you, then the Kia XCeed and XCeed Plug-in Hybrid is the crossover for you. With their bold, sporty shape incorporating standout SUV front grille, daring lower front grille and subtle satin chrome skid plate, plus spacious and refined interior, you can tell these are two crossovers with a difference. Explore further and marvel at the eco-friendly XCeed Plug-in Hybrid, featuring Kia's advanced electrified powertrain, resulting in a seamless transition from petrol to electric for lower-emission driving, and suddenly it becomes clear - the Kia XCeed range really is designed for drivers who live for the next thrill ahead.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

A vibrant yellow Kia XCeed is parked on a city street. A young couple is walking past the car, smiling. The woman is wearing a yellow blazer and a patterned dress, carrying a black bag and a small box. The man is wearing a blue jacket and red trousers, holding a coffee cup. The background shows a modern building with large windows and a blue wall. A large yellow 'X' graphic is overlaid on the left side of the image.

Find. your mode

In the Kia XCeed the possibilities are endless. From its sporty coupé crossover silhouette, highlighted by a fast sloping roofline and SUV-styled wheel arches and side sill, down to the bold 18" wheel design (grade dependant), it's obvious that the Kia XCeed stands proudly away from the crowd. Add generous ground clearance with an elevated yet sporty seating position for maximum visibility as well as sheer driving pleasure and you have the perfect partner for discovering new horizons both inside and out of the city.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

A detailed view of the interior of a Kia XCeed, showing the dashboard, steering wheel with the Kia logo, instrument cluster, and center console. A large, stylized yellow 'X' is overlaid on the left side of the image.

Expand. your horizons

The Kia XCeed sets new benchmarks in quality, comfort, technology and connectivity. From the moment you sit inside, you'll discover a striking combination of style and substance, from the sleek dashboard to the sophisticated seating and from the highly visible 12.3" TFT Supervision Cluster Display to the 10.25" Touchscreen Satellite Navigation with Telematics. What's more, you'll find Kia's exclusive UVO Connect telematics system - all designed to put you in complete control for whatever adventures lie ahead (grade dependant).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Energise. your independence

The advanced Kia XCeed Plug-In Hybrid combines eyecatching design with eco-friendly driving. Thanks to the bold exterior, it's as refreshing to look at as it is to drive

ECO plug-in

Plug-in Hybrid

Charging Port

Enjoy convenient charging via a regular 230V household socket or public charging station. The Kia XCeed Plug-In Hybrid is able to recharge the battery at a public charging station (3.3kW): up to 100% in approximately 2 hours 15 minutes.

12.3" Full Digital Cluster

The full digital instrument cluster features a 12.3" high-definition display with dedicated Plug-in Hybrid graphics, allowing you to monitor up-to-the-minute information like current driving mode, battery charge and remaining range. This comes as standard on the First Edition grade only.

10.25" Navigation System

Kia's latest navigation system takes customisation to the next level, offering you the ability to load up to 3 different applications at the same time thanks to its advanced split-screen function. It can also display the XCeed's powertrain energy flow and the battery status, as well as other Plug-in Hybrid-related information.

Charging Indicator

Cleverly embedded within the speaker grille in the middle of the dashboard, when you plug in for charging, 3 LED lights tell you the charging status and battery level. Easily visible from outside the vehicle, the indicator is ideal for knowing the charging status of your battery at a glance.

Convenience and Comfort...

This is a crossover that combines bold design for bold thinkers, a spacious interior for intrepid adventurers, exceptional comfort for those who appreciate luxury and a level of convenience that will constantly delight. Open it up with your Kia Smart Key, pack it up using the Smart Power Tailgate, fire it up with the engine start/stop button and get ready for the excitement (specifications listed here are not offered on all grades).

Convenience
and comfort

The Kia XCeed is the perfect travel companion. With its dynamic yet spacious new body type you never need to sacrifice style or versatility. The 40:20:40 rear folding seats (grade dependant) and 426 litres of luggage space (291 litres in Plug-In Hybrid models) make for a crossover designed for you.

Heated front and rear seats

Whatever the weather has in store, the Kia XCeed is always ready for it. The front and rear seats can be heated on cold days. Using three adjustable settings, they warm up quickly and then level off after the desired temperature is reached (grade dependant).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Connect. Your World

androidauto

Android Auto™ is designed to keep you perfectly connected to your phone - while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Works with
Apple CarPlay

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your Kia Xceed's display, so you can get directions, make a call and listen to music - all while staying focused on the road.

Infotainment

Wireless phone charger

Forget cables, just place your smartphone with Qi technology on the convenient wireless phone charger (grade dependant)..

8-Speaker JBL® Premium Sound System

For great sound, the Kia Xceed offers a high-performance JBL® Premium Sound System. It features eight speakers and advanced Clari-Fi music restoration technology to improve the quality of MP3s and provide high-definition sound (only available on '4' grade).

7

7 Year Map Update

As part of our extensive quality promise, all new Kia vehicles factory fitted with an LG navigation device are entitled to 6 free annual map updates at the service point. This unique program ensures your navigation system is always up-to-date.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Exploit ... your expertise

Created exclusively by Kia, UVO CONNECT brings driving into the digital era in two distinct ways. Once activated, Kia Live makes use of the SIM card included in the infotainment system to retrieve and update live data for its services, so you have access to seamless information displayed directly on the navigation screen. And our new UVO app offers a range of data and information about your car through your Android™ or Apple™ smartphone. What’s more, this exciting new technology has been developed to comply with the latest EU Data Protection Directive, ensuring the highest levels of data privacy, transparency and protection (grade dependant).

Kia Live Services

Live traffic information

The navigation system delivers highly accurate live traffic information from TomTom that is constantly updated, so you know exactly where traffic is running smoothly, or which areas to avoid. When things get busy, the system lets you know and suggests alternative routes.

Camera/danger zones

Be alerted to a whole range of fixed and stationary speed cameras as well as restricted access zones. The system also alerts you to areas where accidents are particularly common.

Weather forecast

With an up to three-day forecast available, you can simply type in your destination to view a complete summary, including minimum and maximum temperatures, wind speed and chances of sun or rain.

On-board Services

Kia’s **Online Navigation** system uses cloud-based servers to collect real time plus historical traffic information to predict the traffic ahead. That means with Kia’s Online Navigation you receive far more accurate navigation information and guidance instructions and a much truer Estimated Time of Arrival (ETA).

The **Online Voice Recognition**, supported by server technologies, enables hands-free applications to use your voice commands to search for nearby Points of Interest (POI), Addresses, Weather or simply Sending Text messages.

Points of interest

Looking for a place to eat, a local business or somewhere special to visit? All this information and more is easily accessible with the live, regularly updated POI directory.

Parking

Kia Live shows available parking locations before you arrive at your destination. It will show potential on-street parking and off-street parking, including locations, details, prices and availability.

Fuel info

When you’re running low on fuel, the system will show you the nearest petrol stations and prices using an online database, so you can plan your refueling stops accordingly.

Charging stations (Plug-in Hybrid only)

The online directory displays the locations of charging stations as well as other details such as plug availability and compatible connector types.

UVO App

Designed for both Android™ and Apple™ smartphones, the UVO app offers complete peace of mind with a whole range of features dedicated to providing diagnostic data about the status of your car and the trips you take. The app can also activate a range of remote functions and features when you are away from the car.

Shown app screen may vary from final product

Vehicle Information

Find my car

tells you the last known location of your vehicle - ideal if you are parked in a large car park.

Vehicle status

offers an overview of your car’s status including battery charge level and ignition, and the status of the doors.

My trips

gives a summary of your previous journeys including average speed, distance driven and time in transit.

Notifications

Notifications can share Diagnostic Notifications with you about the current status of your car, supply you with a Monthly Vehicle Report giving an overview of your car usage. Notifications can also notify you whenever your car alarm is triggered for example, when it detects any open car windows or doors, or if it detects any movement in the back of the car though its rear seat alert system.

Remote Services

Send to car

allows you to pre-plan and set your journey through the app for seamless use in the navigation system.

Last Mile Navigation

to guide you to the door. Once you have parked your car, you can continue to use the navigation system remotely on your smartphone.

Door Control

offers remote locking and opening of the car doors without a key or fob.

User Profile Transfer

lets you remotely check, change and sync a whole range of vehicle settings including sound and radio on your Smartphone which you can then store them in your profile so that you can select them again with ease.

Battery control (Plug-in Hybrid only)

means you can remotely charge the battery and see at a glance the charging progress as well as stop and resume it at your command.

Advanced Technologies...

Whilst the thrill of the road ahead and the excitement of new experiences drive you, it's good to know that you're constantly being protected, too. That's why the Kia XCeed comes with Kia's ADAP (Advanced Driver Assistance Pack) - a range of innovative features and sophisticated technology to keep you and your passengers as safe as possible.

Safety and assistance

Forward Collision-Avoidance Assist (FCA)

The FCA system can detect preceding vehicles, pedestrians and cyclist (grade dependant) crossing the road. Using a camera and radar sensors to monitor the velocity of and distance between vehicles, it warns the driver in the event of a potential collision risk by activating a visual alert. In conjunction with pedestrian detection, the steering wheel gives a haptic response. If there is no driver reaction, the car brakes automatically to avoid or mitigate an accident.

Smart Cruise Control (SCC) with Stop and Go

Using a camera and radar, Smart Cruise Control can regulate both the Kia XCeed's speed and the distance to the car in front. The system maintains the distance to the preceding vehicle by automatically modulating your car's speed. If the vehicle ahead picks up the pace, the Kia XCeed accelerates up to the set speed. If the vehicle in front slows down and the predetermined safe distance cannot be maintained, the system will reduce the speed, or even stop the car. A helpful feature, particularly in heavy traffic (grade dependant)

Blind-Spot Collision Warning (BCW)

The Blind-Spot Collision Warning system has radar sensors that monitor your blind spots and warn you of oncoming cars with a symbol in the side-view mirror (grade dependant).

Lane Keeping Assist (LKA)

No need to worry about drifting out of your lane. Lane Keeping Assist uses a camera mounted at the top of the windscreen to monitor lane markings, and if you move out of the lane unintentionally the system will alert you and even steer the car back into your lane.

Reversing Camera System with Dynamic Guidelines

The Reversing Camera System with Dynamic Guidelines gives you the full picture when reversing into a parking spot by displaying dynamic guidelines to help guide you into place.

Driver Attention Warning (DAW)

The system detects whether you're losing concentration by monitoring the pattern of the steering wheel, indicator, acceleration and overall duration of the journey. If you show signs of drowsiness or inattentiveness, DAW alerts you and recommends taking a break.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Safety and Assistance...

The Kia XCeed is all about giving you the freedom to experience the unexpected whilst making everyday driving hassle-free, with innovative features that enable you to drive more safely. Whether you are negotiating traffic jams, need help with parking or shining a brighter light at night, the Kia XCeed takes care of it so you can avoid any potential danger.

Lane Following Assist (LFA)

LFA controls acceleration, braking and steering depending on the vehicles in front. This makes driving in traffic jams easier and safer. The system uses camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane (grade dependant).

Rear Cross Traffic Collision Warning (RCCW)

When reversing out of a parking space or driveway, the radar-based Rear Cross Traffic Collision Warning system alerts you to potential traffic crossing your path.

Smart Parking Assist System (SPAS)

Smart Parking Assist System makes parking a breeze. It uses front, side and rear sensors to locate a parking spot and assist you with parallel and perpendicular parking. All you need to do is control the brake, accelerator and gears - the system takes care of the steering. It can even help you pull out of parallel parking spaces. (grade dependant)

High Beam Assist (HBA)

When conditions allow, the Kia XCeed will turn on its high beams automatically. When the camera in the windscreen detects the headlights of an oncoming vehicle at night, the High Beam Assist system automatically switches to low beam to avoid dazzling other drivers.

Intelligent Speed Limit Warning (ISLW)

The Intelligent Speed Limit Warning gives you all the necessary information to help you stay within the speed limits. Using the camera on the windscreen, it reads speed limits and overtaking restrictions, and displays the information clearly on the navigation screen and cluster (grade dependant).

Performance.

Dynamic driving, agility and outright power are at the very heart of what sets the Kia XCeed apart from the rest of the crossover crowd. The powertrains can be configured to maximise performance with 6-speed manual, 6-speed manual iMT, 6-speed dual clutch transmission, or 7-speed dual-clutch transmission to add a sense of responsiveness to every road trip, plus with extra drive mode options every journey becomes a memorable experience.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Powerful engine design

For dynamic driving in the city and on the open road, the Kia XCeed comes with 4 powerful engine sizes and 4 power outputs, ranging from 118 to 158 bhp. Backed by expert engineering at every level, all powertrains have been refined to meet the latest European emissions regulations.

Power train

Manual transmission

The manual transmission combines quick, smooth gear changes and gear ratios matched to engine torque curves. The result? A perfect balance between power and efficiency.

6 or 7-speed dual-clutch transmission (DCT)

The latest-generation 7-speed dual-clutch transmission ensures a sporty drive and excellent fuel efficiency. The Kia XCeed Plug-In Hybrid benefits from a 6-speed dual clutch transmission.

Drive Mode Selection (DMS)

Designed to push your driving pleasure to the next level, Drive Mode Selection can be operated via a sport button next to the gearstick. Working with the DCT, it increases driving dynamics by providing an improved throttle response and acceleration from idle, as well as optimising performance while overtaking. DMS also offers a better steering response and perfectly complements the 18" alloy wheels for a thoroughly dynamic drive.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Powertrain...

Smart Technology

At the touch of the Hybrid/Electric (HEV/EV) button located next to the gear knob, you can prioritise between electric and hybrid mode. In EV mode - ideal for urban driving - the system's priority is to use only electric energy for a zero-fuel, emission-free drive; giving you an impressive range of over 36 miles* of inner-city driving. And when there's insufficient battery charge, the system simply switches automatically to hybrid mode. This mode operates both energy sources, using the petrol engine and the electric motor simultaneously.

Power train

PLUG-IN HYBRID

ECO plug-in

Picture shown for illustration purpose only.

Energy flow

Driving situation

Start

The engine is started by the 'e-system' to ensure a prompt and smooth start.

Torque Assist

During acceleration or uphill driving, the 'e-system' provides torque assistance by taking energy from the battery to support the engine.

Cruising

When driving at a constant speed, the combustion engine partially recharges the battery on the go if the charge level is low.

Energy Recuperation

When decelerating or braking, the energy generated by the vehicle motion is converted into electrical energy to recharge the battery.

Moving Stop & Start

When decelerating to a stop, the combustion engine turns off automatically during in-gear deceleration and braking to save fuel.

Delight.

Your Senses

The fun starts here with stylish interior options, carefully selected materials and bold trims; you'll want to get behind the wheel instantly.

'2' grade

The '2' grade features all-black fabric seat upholstery and striking satin chrome finishes.

'Edition', '3' and '3 PHEV' grade

Black cloth and artificial leather-trim seats, featuring high-gloss centre fascia and eye-catching satin chrome dashboard accents.

'4' and 'First Edition PHEV' grade

Soft, bolstered seats with black genuine full leather for long-lasting comfort.

Personalised...

Our range of accessories covers all your needs including handy extras to personalise your experience. It also includes many stylish solutions to emphasise the dynamic looks of your Kia XCeed. Whatever you're looking for, we've got you sorted.

Cross bars, aluminium

Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure.

Rear bumper trim line, chrome optic

A small detail, with a sophisticated touch. Introduce this refined surface finish to your rear bumper in delicate dark stainless steel, for a sleek accent along your rear bumper. Also available in brushed aluminium finish.

Trunk sill trim line, chrome optic

These glossy stainless steel shields are ideal for adding a refined horizontal detail to the inner sill and rear bumper of your Kia XCeed's load area. Also available in brushed stainless steel finish.

Roof box

You'll probably need more luggage space than usual. Before you start cramming things into your cabin, enjoy the comfort of this sleek and durable roof box. Easy to install and with dual side opening for extra-fast access.

Door mirror caps, chrome optic

Attention to detail can make all the difference. Raise the overall visual impact of your Kia XCeed by complementing its exterior styling with these high-gloss stainless steel caps. Also available in brushed stainless steel finish.

Kia Care Service Plan

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Kia XCeed which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply. Log onto www.kia.com/uk for details.

5-year paint warranty & 12-year anti-perforation warranty

High-quality body paint ensures long-lasting protection and shine for your new Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Financing

Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details

KIA PROMISE

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 7 great owner benefits when you buy your Kia and register at MyKia.

7 more reasons to join our Kia family

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year warranty that comes with peace of mind for at least 100,000 miles.

Our complimentary driveaway insurance, with up to 5 days of optional cover if required, will get you on the road right away and comes complete with one year's free Excess Return worth up to £250, protecting your excess whoever your insurer is. You can also upgrade to a great value, annual insurance policy. Our policies cover you for genuine Kia approved repairs, parts and labour, meaning you never have to compromise when keeping your Kia 100% Kia.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances of the accident, Kia Accident AfterCare can take care of things for you. We'll liaise with your insurer, provide a free courtesy car and exercise your right to genuine Kia parts and repairs at a Kia Approved Bodyshop.
